Proceeds Benefit Myeloma Canada
(Please make sponsorship cheque payable to "Myeloma Canada")

\$200.00

It's that time again for the Michael's Back Door Restaurant 35th Annual Charity Golf Tournament. This year, in honour of a close friend we will be supporting [Myeloma Canada](#).

WHAT IS MULTIPLE MYELOMA?

Multiple myeloma, commonly referred to as myeloma, is a cancer of the plasma cells found in the bone marrow. A plasma (blood) cell is a type of immune cell that produces antibodies to fight infection. The cause or causes of myeloma remain unknown.

Every day, 8 Canadians are diagnosed with myeloma, with an average age of diagnosis in the mid-sixties. Despite a growing prevalence, it remains relatively unknown. With the aging population and new and better treatments, the number of patients living with the disease will continue to increase.

Although there is yet no cure, myeloma is treatable, with many patients going on to lead full lives for years after diagnosis. With increasing research and emerging treatments, the overall outlook for patients is improving steadily.

This year's event will take place on Sunday, August 18, 2019 at Glen Abbey Golf Club. To date, our events have raised over \$170,000 for various national and local charities. **We ask for your assistance with this year's event as a Corporate Sponsor, Hole Sponsor or donating a gift for the prize table.**

The success of this event ultimately depends on the generosity and goodwill of our business associates, colleagues, friends and family. Any assistance you may offer will be greatly appreciated. All prize donors and sponsors will be acknowledged with a listing in our event program and/or signage at the golf course.

Thank you in advance for your support.

Sincerely,
Michael A. Morra
Tournament Host
